

The ATLP Partner Programme

The ATLP Partner Programme

We are thrilled to introduce the Arthur Terry Learning Partnership (ATLP) Partner Programme

This exciting initiative unites students, parents, businesses, organisations and alumni, with the aim of enhancing education, empowering our learners and providing profitable networking opportunities.

Membership will enable partners to foster connections, share expertise and support the educational community. Through networking events, partnerships and fundraising activities, we aim to enhance opportunities for professional growth, community engagement and educational advancement.

At the ATLP, children are at the heart of everything we do and we are constantly committed to working with the community to create new opportunities for our 11,200-plus students, including those who are vulnerable and disadvantaged.

The ATLP is a learning family consisting of 24 schools and one Teaching School Hub. We pride ourselves on being 'One Trust' to bring about the best outcomes for our young people. We also recognise that 'Together We Are Stronger' and this ethos extends far beyond the classroom.

If you would like to open new doors for your business, whilst also helping to generate funding to enhance equitable opportunities for students across the West Midlands, then please email Brian Davies at brian@bdconsultancy ltd.co.uk for further information.

ATLP Partner Programme objectives

1 Support education

Collaborate with schools across the ATLP to provide careers advice, work placements and job opportunities for students.

2 Networking

To facilitate meaningful connections between parents, alumni and local businesses and organisations to foster collaboration, resource-sharing and enable more business to be passed to each other.

3 Knowledge exchange

Provide a platform for members to share expertise, insights, contacts and referrals across various industries and sectors.

4 Community Engagement

Engage with the local community through outreach programmes, charitable initiatives and partnerships.

5 Professional Development

Offer workshops, seminars and training sessions to enhance the professional skills and knowledge of other partners.

The ATLP Partner Programme
